Essentially, creativity's natural habitat... 😌

APPLY? FOR WHAT?!

A time and place to realise your creative vision of course!

The callouts allow you to apply for dates in advance; ideal for exhibitions, performance seasons, workshop series, and large events that require more planning and promotion time. This round is for dates between **March 2018 and August 2018.**

In general, exhibitition and performance spots are limited to a maximum of 2 weeks. Though we're always down for negotiation if your idea is truly, madly, deeply inspiring...

WHAT ARE WE LOOKING FOR?

107 exists for the advancement of culture, it says so on our charity profile! We're looking for creative projects that share this vision as well as our ethos of social inclusion, constructive criticism, D.I.Y., and positivity!

Presentation of new works, works in development, interdisciplinary practices, and community engagement tickle our fancy.
Re-staging of the popular classics, not so much...

WHERE CAN I CHUCK MA STUFF?

107 Redfern St has multiple spaces and multiple uses... limited only by your imagination (and WH&S regulations).

Check them out on our website *107.org.au* or email *callouts@107projects.org* to make a time for a site visit in person.

GIMME THE N#MBER$

Slow down there champ,
you haven't told us who you are or what you want to do!

Costs to use the spaces at 107 are on a sliding scale between subsidised, standard and corporate rates because, amazingly, creativity transcends income brackets! (but don't ask for free hire, it will just get awkward)

Subsidised rates are offered to fellow small not for profit groups, community organisations, and self funded individuals.

Standard rates, for the more commercially oriented creative events or workshops by the likes of start-ups or sole traders.

Corporate rates are for... corporations.
